EDUCATION

Dalhousie University

Aug 2023 – Present

Bachelor of Computer Science

Halifax, NS

- **Relevant Coursework:** Data Structures and Algorithms, Practical Data Science, Web Development, Intro to Database Systems, Network Computing, Cloud Computing, Server Side-Scripting

EXPERIENCE

IT Intern - QAPCO

June 2025

QAPCO

Doha, Qatar

- Completed a 1-month internship focused on petrochemical operations and digital transformation initiatives.
- Worked with a team to review internal processes and present digitization proposals directly to company managers.
- Designed and developed a website using HTML, CSS, and JavaScript to document key learnings and highlight opportunities for process improvement.
- Enhanced professional skills including communication, teamwork, adaptability, and technical reporting.

Information Booth Attendant (Volunteer)

Nov 2024

Dalhousie University

Halifax, NS

- Volunteered during Dalhousie's Open House, providing detailed information to students and guests about programs, classes, and events.
- Guided visitors and answered questions to ensure a smooth and positive experience.

PROJECTS

My Bean | *React Native, TypeScript, Node.js, Express.js*

Nov 2025 – Present

- Developing a comprehensive parenting platform for new parents to monitor baby health metrics including feeding schedules, sleep patterns, diaper logs, and growth tracking.
- Building community features with anonymous posting, private groups, and expert Q&A to connect parents and reduce isolation.
- Implementing safety education modules covering SIDS prevention, developmental milestones, product recall alerts, and CPR/first aid references.

Snake and Apple Game | *JavaScript, HTML/CSS*

Sep 2025

- Developed a fully functional snake game with collision detection.
- Implemented score tracking, randomized apple placement, and smooth game loop.
- Enhanced user experience with animations, custom styling, and responsiveness.

Intaik | *JavaScript, HTML/CSS*

Jan 2025

- Collaborated with a team of 5 to develop a mental health wellness app for recovering addicts.
- Handled front-end development and UI design, creating an intuitive user interface.
- Delivered a functional prototype within 48 hours, demonstrating teamwork and time management.

Web Portfolio | *JavaScript, HTML/CSS*

Apr 2024

- Built a responsive personal portfolio to showcase skills and projects.
